

MANAGEMENT COMMITTEE

The Management Committee is comprised of the Village President, Planning Board Chair, Planning and Zoning Trustee Chair, Zoning Official, Administrator Designee, 2 at-Large members, and Topology, the Village's Planning Firm overseeing the Master Plan.

STEERING COMMITTEE

Steering Committee members are responsible for collecting information and reporting into the Management Committee. These individuals will be responsible for keeping in touch with, guiding, assisting and receiving feedback from the ambassador chairs they represent. They will be meeting with the professionals and management committee at the end of the first outreach process to ensure information has been properly transmitted and recorded before the public session where the results are shared.

NEIGHBORHOOD AMBASSADOR CHAIRS

Each of the 10 neighborhoods in South Orange have a Chair who is responsible for working with the Neighborhood Liaisons under them and reporting back to their Steering Committee representative. This person is responsible for holding community outreach sessions for the particular representative group they've been assigned to. They will be the ones deciding where and how outreach sessions are handled. They will report back their information, concerns, issues to their representative Steering Committee members.

NEIGHBORHOOD LIASONS

Community Ambassadors support the Ambassador Chair however needed before, during and after their outreach sessions. This can include notetaking, shared running of the outreach session, set up, direct outreach, and getting follow up notes to the Ambassador Chair.
